

# C-CAP

## CLEAN CABIN AIR PRESSURIZER & FILTRATION SYSTEM

## The cleanest air in the world!

### 200X cleaner air than leading competitor

Providing exceptional air quality is the easiest way to provide a safer work environment for your operators who spend 8-12 hours/day in the cab.

#### Most Durable

+ Powder coated Steel enclosure for maximum strength

#### Highest Efficiency

+ Up to 99.99% efficient at 0.3m (MPP)

#### Longest Filter Life

+ 2,000 hr recommended filter change (@50% flow reduction)

#### Motor After Filter (who would put motor before filter?!?)

+ Industrial-grade German motor for exceptional longevity

Replaces all RESPA models

▼ DID YOU  
▼ KNOW?

All C-CAP filters  
**REMOVE VAPORS**  
as well?

## CLEAN CABIN AIR PRESSURIZER & FILTRATION SYSTEM

PROUDLY USING  
**CAF**  
TECHNOLOGY

## Overview

### THE PRESSURIZER

The C-CAP is a Cabin-air Pressurizer and Filtration System engineered and field tested to not only be rugged but to supply the cleanest possible air to for operators.

- + Rugged HD Powder coated metal construction with reinforced housing
- + German engineered brushless motor (1.3 amps @ 24 VDC)
- + Motor located post-filtration for enhanced longevity
- + cTUV, CE, CSA Certified
- + 30 Years on market
- + **211X cleaner** than leading brand

### THE FILTERS

The C-CAP Filters are all rated at or above HEPA and MERV16 Standards per independent testing and validation. With multiple stages, these filters are excellent at removing particles down to 0.1 microns, removing vapors w/ exceptional life expectancy.

PART NUMBER	DESCRIPTION	HEPA?	MERV16?
ECO9990	<b>XL PARTICULATE &amp; VAPOR FILTER</b> 99.90% Efficient at 0.3 microns, Organic vapor removal, Long Life Filter	✓	✓
ECO9999	<b>XL PARTICULATE &amp; VAPOR FILTER</b> 99.99% Efficient at 0.3 microns, Organic vapor removal, Long Life Filter	✓	✓
ECO9990NH3	<b>XL PARTICULATE &amp; AMMONIA FILTER</b> 99.99% Efficient at 0.3 microns, excellent ammonia removal, Long Life Filter	✓	✓
ECO9999NH3	<b>XL PARTICULATE &amp; AMMONIA FILTER</b> 99.90% Efficient at 0.3 microns, ammonia vapor removal, Long Life Filter	✓	✓
