

PROJECTA

POWER WHEN YOU NEED IT MOST

The Projecta Jumpstarter Series delivers reliable performance in a compact design, engineered for industrial and heavy-duty applications. Capable of jump-starting 12V and 24V vehicles up to 16.0L gas and diesel, these lithium jump starters are ideal for roadside assistance, medium trucks, and heavy-duty equipment. Built to handle demanding tasks with ease, they are an essential tool for waste industry operations and beyond.
