ONE-UP / ONE-DOWN AIR PASSTHROUGH

HVAC Cabin Passthrough

for the CCAP Cabin Air Pressurizer

PART NO. **MB-CC-836K03**

- ✓ **Creates a clean, custom air intake to connect cab-air pressurizers**
- ✓ **Seals the intake cleanly**
- ✓ **Minimizes hose wear and hose bends**
- ✓ **Installs with self-tapping screws** (not provided)

The part

Installed & in service

Protects Performance

Holds cab pressure so the CCAP delivers the clean air it's built for.

Exact Fit

Engineered to drop in — no cutting, no shop-built one-offs.

Built Tough

Welded steel, coated for dust, vibration and washdown.

FITS **CAT 836K** **CAT 826K** **CAT 836 (new)** **CAT 826 (new)**

Installing a CCAP? Add the passthrough.

Protect the investment. Call us to size and quote your install.
